QML Pathology offers a range of special tests performed by either a specially trained General Practitioner or a QML Pathologist at selected QML Pathology Collection Centres.

These specialised tests are only performed in certain collection centres by appointment. Please phone your nearest collection centre for further information.

Our range of special tests includes, but is not limited to:

- Arginine/Insulin Hypoglycaemia Test
- Autologous Blood Collection
(This requires a special consent form in addition to your pathology request form)
- Clonidine Growth Hormone Stimulation Test
- Exercise Growth Hormone Stimulation Test
- Extended RAST Allergen Testing
- Glucagon Stimulation Test
- Glucose Tolerance Test with Insulin or Growth Hormone
- Insulin Tolerance Test
- Ischaemic Limb Lactate Study Test
- Short Synacthen Test
- Sweat Test
- Water Deprivation Test.

Please note: A cancellation fee of \$50.00 will apply to all cancellations within 24 hours of appointment. (No cancellation fee for extended RAST tests)
